GREAT BASEBALL

Had George Washington been on earth yesterday and witnessed the ball game between the Punahou and H. A. C., he would have put it in the class with the siege of Valley Forge. This game helped to make the great fighter and statesman's birthday a success. For twelve long innings these two teams struggled for supremacy on the diamond. Although neither team has had any practice or preliminary training some good ball was played, and any errors that may have been made could readily be excused under the circumstances. Anyone who was lucky enough as to have been an eye witness to the games had no kick coming. He was treated to 21 innings of baseball for 25c., almost an inning for a cent. There was just enough slugging and base running to keep the huge crowd on edge. And as each team was out to win interest was maintained to the last.

H. A. C. 12, PUNAHOU 11.
"Let's catch a car," "not on your life, I am going to stay and see the finish. These fellows in Red always have something up their sleeve." This was the conversation that could be overheard in the stand along about the first part of the eighth inning when the score stood 11-7 in favor of Punahou. The man who stayed is congratulating himself and those who were anxious for a car seat would now be willing to walk to town if they could have the privilege of seeing the finish of that game.

It all came about in the twelfth spasm. The boys had worked over time. Eddie Desha's good right arm was beginning to tire and the H. A. C. were finding their batting eye. H. A. C. had scored 4 runs in the latter part of the eighth and tied the score. It was anybody's game. Inning twelve: Eddie Fernandez drove a pretty line hit over short stop, Geo. Desha in trying to field the ball, slipped and the horse hide rolled clear between his legs. Fernandez galloped to second. Fernandez went to third on a passed ball by White. Jack Williams drew a pass and Evers was up. It was a critical moment but the crack Elk short stop was equal to the occasion. He caught the sphere on the trade mark and it shot past second. Fernandez scampered home with the winning run and the curtain fell. It was the same old story; a game is never lost until it is won.

In the second inning the Puns brought 5 men across the plate. They tried to throw the ball through first baseman Gleason and as a result G. Desha was safe. White hit for 2 bases and Desha scored. The bases were filled and Joy forced White across the plate by passing Bushnell. Jack Desha landed a timely hit past Gleason and on Brun's throw in 3 men scored.

The H. A. C. landed a run in the second, and one in the fourth. In their half of the 4th the Puns score 3 runs on Bill Meyer's hit to deep center with three men on base. This was enough to win an ordinary game.

Desha began to tire in the sixth and while the bars were down 4 red jackets made the circuit. Most of the runs in this inning were earned by strong hitting.

The Puns got two men around the paths in the seventh and this ended their run getting.

In the eighth the H. A. C. again trimmed their lights and got busy. Bushnell went to the bat and missed. Evers fly. Joy sent two men home on a drive to right field. The score was tied in this inning. Neither team was able to land a run from this on until the end of the 12th when Fernandez crossed the plate with the winning run for H. A. C. Summary:

Three-base Hits—Pimental, 2.

Bases on Balls—Off Freitas 5, off Clark 1.

Struck Out—By Clark 5, by Freitas, 7.

Time of game—1 hour 10 minutes.

ON THE SIDE.

Jim Gorman was back in the game and showed his old time form behind the bat.

Sheldon was spiked by Major Van Vleet while the latter was sliding to second.

En Sue's arm was much too strong yesterday. His wild throws were costly for the Diamond Head lads.

Evers played a great game of ball at short. He accepted everything that

came his way and his throwing was a pleasure to witness.

Bob White did good work on the receiving end for Punahou. His throwing was a feature. Bob also got in his usual long swat.

Two games were too much for Eddie Desha. After playing in the first game it was hard on the youngster to pitch 12 innings.

Bob McCorriston held down the initial sack for the Puns in championship style. He executed some very pretty plays.

Bill Meyer showed lack of practice and made some bad muffs.

From the appearance of the crowd baseball is far from being dead.

There was a sailor in the stand whose rooting was as interesting as the game.

ALL-PORTUGUESE TRIUMPH.

Although the Diamond Heads entered a strong combination of players picked from every team in the League, the lads from Punahou gave them a drubbing that will be remembered for some time to come and it was by a hair's breadth that the Diamond Head

lads escaped a shut out. The L. A. C. Geo. Clark who was in the box for the Heads proved somewhat of an easy mark for the Portuguese batters and at times they landed on him hard.

The Red and White team started their run making in the very first inning when Fernandez crossed the plate. They scored again in the third.

En Sue's wild throwing to first gave the Portuguese the chance they were looking for and 2 men came home in the 4th.

Pimental was the heavy stick artist for the L. A. C. and drove out two good three baggers when they brought home runs.

Freitas pitched a good consistent game for the Portuguese and kept his hits well scattered. He kept the base runners close and in fact showed remarkable improvement over his last year's form.

Had Desha been allowed to pitch for the Diamond Heads it may have been a different story, however, the L. A. C. deserve all the credit that is due them for their victory. Summary:

From the appearance of the crowd baseball is far from being dead.

There was a sailor in the stand whose rooting was as interesting as the game.

The stand taken by that club, however, against the encouragement of speed competitions placed French automobile interests in an embarrassing position, to relieve which and to insure a race for his trophy Mr. Vanderbilt went abroad. It was there agreed that as an American car finished third, this year's race should be held here.

A HONOLULU PLAYER

John Gangel, the big first baseman of the New York Highlanders, whose place was taken by Chase, will be able to play with the Grand Rapids team this coming season after a year's idleness on the bench. Gangel purchased the Grand Rapids franchise in the Central League, one year ago, and asked for his release from Clark Griffith so that he could play with the team. Griffith refused to sell his release and ordered him to report for duty in the spring. No inducement large enough could be offered to entice the strong-headed player, and he managed the Grand Rapids team from the bench, and in practice entertained the fans in the different cities by some fancy work around the first sack.

Gangel has become tired of sitting on the bench and offered to buy his release from Frank, Farrell for \$3000. Farrell asked all of the American League clubs to waive claim to him or pay the price, and as none of the teams wished to purchase a man whom they could not get to play the game, Gangel's terms were accepted. St. Louis and Detroit wanted to have Gangel to cover the initial sack, but neither of the club owners cared to invest \$3000 that would be tied up. Robert Hedges, of the St. Louis club, held a long conference with Gangel at Chicago in an effort to have him sign with St. Louis if he could purchase his release, but Gangel would not listen to any proposition. He was well satisfied with his berth in Grand Rapids.

Hedges saw that it was useless and they claim to this valuable player. That Gangel intends to play first base this year is shown when George Carey is placed on the sale block by the Grand Rapids club. The former Baltimore first baseman may go to Memphis, but he is not decided where he will bunk in 1906.

Gangel played in Honolulu years ago with the old champion Stars.

Immune Milk From Tuberculous Cows

Berlin Feb. 8.—Professor Emil von Behring, the discoverer of the diphtheria serum, addressing the German Agricultural Council today, announced his determination to adhere to the resolution which he promulgated in Paris of keeping his tuberculosis remedy secret till the autumn.

The professor discussed lengthily the method of preventing consumption by immunizing milk cows. The aim is to secure milk having immunizing properties. He claims to have approximately solved this problem. Cows are treated when very young with a fluid which Professor Behring calls tuberculous. It is injected under the skin of the young cows repeatedly for two or three weeks.

The remedy at first was very costly, because it was almost impossible to preserve it in good condition, but a method has recently been discovered by which it can be preserved satisfactorily and at a moderate cost.

Professor Behring also treated cows which showed virulent type of tuberculosis in their milk. His theory is that children fed on milk from cows rendered immune through his treatment become themselves immune.

TWO-CENT CAR FARE.

Columbus, Ohio, Feb. 8.—Governor Patterson late this afternoon signed the Preiner 2-cent bill, which was accepted by the Senate today and it is now a law. It will not go into effect until thirty days have
